Provided that before declaring any railway station to be a notified station under this sub-section the Central Government shall have regard to all or any of the following factors, namely:—

- the volume of traffic and the storage space available at such railway station;
- the nature and quantities of goods generally booked to such railway station;
- the scope for causing scarcity of such goods by not removing them for long periods from such railway station and the hardship which such scarcity may cause to the community;
- the number of wagons likely to be held up at such railway station if goods are not removed therefrom quickly and the need for quick movement and availability of such wagons;
- such other factors (being factors relevant from the point of view of the interest of the general public) as may be prescribed;

Provided further that the period specified in any notification issued under this sub-section in respect of any railway station shall not exceed six months in the first instance but such period may, by a like notification, be extended from time to time by a period not exceeding six months on each occasion.

(3) If any person delivering to a railway administration any goods to be carried to a notified station makes an application in such form and manner as may be prescribed and specifies therein the address of the person to whom intimation of the arrival of the goods at the notified station shall be given and pays the postage fee required for giving such intimation, the railway administration shall, as soon as may be after the arrival of the goods at the notified station, send such intimation by registered post.

(4) There shall be exhibited at a conspicuous place in each notified station a statement in the prescribed form setting out the description of the goods which by reason of the fact that they have not been removed from the station within a period of seven days from the termination of transit thereof are liable to be sold, in accordance with the provisions of sub-section (1) of section 56C, by public auction and the dates on which they would be so sold:

Provided that different statements may be so exhibited in respect of goods proposed to be sold on different dates.

Disposal of un-removed goods at notified stations.—(1) If any goods booked for carriage by railway to any notified station by a train intended solely for the carriage of goods are not removed from such station by a person entitled to do so within a period of seven days after the termination of transit thereof at such station, the railway administration may, subject to the provisions of sub-section (2), sell such goods by public auction and apart from exhibiting in accordance with the provisions of sub-section (4) of section 56B a statement containing a description of such goods, it shall not be necessary to give any notice of such public auction, but the dates on which such auction may be held under this sub-section may be notified in one or more local newspapers, or where there are no such newspapers, in such manner as may be prescribed:

Provided that if at any time before the sale of such goods under this sub-section the person entitled thereto pays the rates or charges and the expenses due in respect thereof to the railway administration, he shall be allowed to remove such goods.

(2) If any essential commodities which may be sold by public auction under sub-section (1) at a notified station are required by the Central Government or the State Government for its own use or if the Central Government or such State Government considers that it is necessary for securing the availability of all or any such essential commodities at fair prices so to do, it may, by order in writing, direct the officer in charge of such auction to transfer such goods to it or to such agency, co-operative society or other person (being an agency, co-operative society or other person subject to the control of the Government) engaged in the business of selling such essential commodities as may be specified in the direction.

(3) Every direction issued under sub-section (2) in respect of any essential commodity shall be binding on the officer to whom it is issued and the railway administration and it shall be a sufficient defence against any claim by the person entitled to the delivery thereof that

such essential commodities have been transferred in compliance with such direction:

Provided that—

(a) such direction shall not be binding on such person or the railway administration—

- (i) if it has not been received by such officer sufficiently in time to enable him to prevent the sale of the essential commodities to which it relates; or
- (ii) if before the time appointed for such sale the person entitled to such goods pays the rates or charges and the expenses due in respect thereof and claims that he be allowed to remove the goods; or
- (iii) if the price payable for such goods (as estimated by the Central Government or, as the case may be, the State Government) has not been credited to the railway administration in the prescribed manner and the railway administration is not indemnified against any additional amount which it may become liable to pay towards price by reason of the price not having been computed in accordance with the provisions of sub-section (4);

(b) where directions are issued in respect of the same goods both by the Central Government and the State Government, the directions received earlier shall prevail.

(4) The price payable for any essential commodity transferred in compliance with a direction issued under sub-section (2) shall be the price calculated in accordance with the provisions of sub-section (3) of section 3 of the Essential Commodities Act, 1955 (10 of 1955):

(2) Notwithstanding anything contained in sub-section (1), the railway administration may recover by suit any such rate or charge or expenses referred to therein or balance thereof.

(3) Any goods sold under sub-section (1) of section 56C or transferred in compliance with directions issued under sub-section (2) of that section shall vest in the buyer or the transferee free from all encumbrances but subject to a priority being given for the sum which may be retained by a railway administration under sub-section (1), the person in whose favour such encumbrance subsists may have a claim in respect of such encumbrance against the surplus, if any, referred to in that sub-section.
